Part of Wellspring Academy Trust, Springwell Leeds is an exciting partnership development between Leeds City Council and Springwell Special Academy, an outstanding cross-phase SEMH School. Exciting opportunities are available for people looking for a fresh challenge in an inspiring learning environment where we provide children with 'second chance' learning. The posts will suit candidates who have the commitment, passion and resilience to make a difference to pupils who have a range of social, emotional, mental health and special educational needs. These posts are located at our brand new year North site in Tinshill that opens in September. This is the third and final of our wonderful new buildings for students in year 6 – year 11.

In January of this year we opened the first of three new buildings in Seacroft and in April we opened our second in Middleton, in the South of the city. Our final new building is in the North and is where these posts are located. This is part of an exciting £45 million pound investment in the city into SEMH provision.

These Teaching Assistant positions may suit those wishing to develop a career within the Special Education Sector. College/University graduates are welcome to apply as full training will be offered to candidates wishing to develop a career in this setting. Our partner school, Springwell Special Academy, Barnsley is a National Teaching School (Barnsley TSA) and is therefore able to support a career path for aspiring teachers through a rigorous development programme.

Post holders will be responsible for supporting and leading small groups and individuals with Maths, English, reading, S.E.A.L, practical activities, supporting pupils to develop resilience, social skills and self-esteem plus using effective strategies for supporting pupils with a range of behavioural conditions (ASD/ADHD/SEMH/ODD).

## **About us**

Springwell Leeds is a new provision for the city, which we will be developing across Leeds on a number of different sites over the next couple of years.

Our aim is to provide the best possible care and education that we can for children and young people with Social, Emotional and Mental Health (SEMH) needs. Unconditional Positive Regard is at the centre of what we do and we are creating an academy that is welcoming, caring, safe, warm and believes that all its pupils can be supported and empowered to succeed.

We are creating individual and personalised pathways for our students that are built around their varied needs, which will help them achieve positive outcomes and prepare them for their onward destinations into continuing education, work or training. In order to achieve this, we have developed a curriculum that provides opportunities for academic progression as well as vocational learning, whilst being engaging, creative, and innovative.

We see strong relationships as the key to our success – with students, parents, carers and the wider community and we ensure that our academy is a welcoming safe place for children to learn and prosper. We believe in working closely with our families and carers and welcome their support, but also realise that at times they will need our support too. We work closely with other agencies and schools to make sure we do all we can to make learning and life the best it possibly can be.

Springwell places a huge emphasis on professional development and invests significantly in staff training at all levels. This means that, although experience of working in an SEMH setting would be an advantage, specialist support and training will be provided for outstanding teachers wishing to make the career fulfilling move into special education.

Springwell Leeds Academy is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment.
